KEY SPECIFICATION FOR THE V1 TRIM

WHEELS AND TYRES

- 19" 'VULCANO' machined alloy wheels

INTERIOR EQUIPMENT

- Aluminium pedals
- Ambient lighting
- Electro dimming rear mirror
- Rain & Light sensor
- 3 zone climatronic air conditioning
- Heated leather wrapped steering wheel
- Keyless entry and go

EXTERIOR EQUIPMENT

- Heated electric and foldable door mirrors
- LED headlights with signature
- Rear 3D lights with ceremony
- Welcome light with logo projection
- Electric tailgate with virtual pedal
- Dark tinted rear windows

INFOTAINMENT

- 15" Navigation system
- 5.3" Digital Cockpit
- CUPRA CONNECT: 10 year subscription to Safety and Service and Remote Access, includes:
 - Private emergency call
 - Breakdown call
 - Service scheduling
 - Driving data
 - Parking position
 - Remote lock and unlock
- Anti-theft, area, and speed alerts
- CUPRA CONNECT Plus: 3 year subscription includes:
 - Online Infotainment
 - Online traffic information
 - Online map update
 - Online route calculation
- Intelligent voice control
- Two front and rear USB sockets (rear are charge only)
- Wireless Full Link smartphone integration
- Wireless Phone charger
- Bluetooth, DAB, and AM/FM radio

SEATS AND TRIM

- Bucket seats in cloth with manual height adjustment
- Copper interior detailing
- Front centre armrest

FUNCTIONAL AND MECHANICAL

- Rear view camera
- Drive Profile Selection (Range, Comfort, Performance, CUPRA, Individual)
- Dynamic steering

SAFETY AND SECURITY

- Travel assist
- Emergency assist
- Predictive adaptive cruise control
- Speed limiter
- Traffic sign recognition
- Exit warning and assist
- Attention and drowsiness assist
- Rollover assist
- Intelligent park assist including trained park assist and remote park assist

INFORMATION AT YOUR FINGERTIPS VIA THE 5.3" DIGITAL COCKPIT AND 15" CENTRAL DISPLAY NAVIGATION SYSTEM

The CUPRA CONNECT services can be operated only by using available public communication technologies. Please note that due to development of these technologies, especially mobile networks, CUPRA cannot guarantee consistent availability in all countries for the duration of CUPRA CONNECT services. Possible changes in technology may cause permanent unavailability of them. *All prices shown are MDP (Manufacturer's Direct Price), inclusive of VAT. Sold by CUPRA UK, a trading division of Volkswagen Group United Kingdom Limited. MDP includes: delivery to Agent, number plates, new vehicle registration fee, the first year's Vehicle Excise Duty and VAT (calculated at 20%). CUPRA UK may change the MDP at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any MDP prices displaying correctly on our materials.

TAVASCAN V2

AVAILABLE ON 77KWH RWD 286PS BATTERY
MANUFACTURER'S DIRECT PRICE FROM £53,845

IN ADDITION TO THE V1 TRIM

INTERIOR EQUIPMENT

- Bucket seats with 12 way electrical adjustment and memory function for driver and co-driver
- Heated front seats
- Rear arm rest
- Ambient lighting "Immersive"
- Illuminated door mouldings
- Double floor in boot

EXTERIOR EQUIPMENT

- 21" 'KATLA' machined alloys
- Matrix LED with signature
- Panoramic sunroof
- Dynamic chassis control

INFOTAINMENT

- Sennheiser™ premium audio (12 speakers)
- Augmented-reality head-up display
- Top view camera

UPHOLSTERY

- Dark night microsuede

CONNECTED BEYOND THE PHYSICAL

FORGOT WHERE YOU'VE PARKED?

Simply open the MyCUPRA app and you will be able to easily locate your vehicle in cities or large parking areas.

The GPS coordinates will give you the exact address and you are then able to navigate to it through the easy to use map.

IS MY CAR SECURE?

For those moments when you're unsure if you've locked your car.

Through the MyCUPRA app, authorised users can see and control the lock status of the doors and boot.

DETERMINE YOUR IDEAL TEMPERATURE

On those cold winter mornings, you'll no longer need to sit in your car while you wait for it to warm up and defrost.

With its remote temperature control, you can program the perfect temperature you want when sitting at the wheel, defrosting the windows in the process*.

WHEN IS MY SERVICE DUE?

You have enough things in your head to have to remember your next car service.

Activate automatic service scheduling and your chosen authorised service partner will contact you as soon as your vehicle detects the need of a service (inspection or relevant warning light).

*Feature only available on e-HYBRID and fully electric models.

TAKE YOUR CONNECTIVITY TO THE MAX

Just download the MyCUPRA App, create an account with your personal data and introduce the chassis number of your car located on the left side of the windscreen. In only a few minutes, you will have your CUPRA in the palm of your hand.

ENROL YOUR CUPRA TO CONNECT

DOWNLOAD MYCUPRA APP

*BIK value is based on WLTP CO₂ and applicable from 01/09/2024.

All prices shown are MDP (Manufacturer's Direct Price), inclusive of VAT. Sold by CUPRA UK, a trading division of Volkswagen Group United Kingdom Limited. MDP includes: delivery to Agent, number plates, new vehicle registration fee, the first year's Vehicle Excise Duty and VAT (calculated at 20%). CUPRA UK may change the MDP at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any MDP prices displaying correctly on our materials. Figures shown are for comparability purposes; only compare electric consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 24/03/2025. Figures quoted are for a range of configurations and are subject to change due to ongoing approvals/changes.

CHARGING AT HOME AND ON THE GO

CHARGING AT HOME

Charging your new CUPRA Tavascan at home is likely to become part of your everyday routine, so we've made it simple.

There are two options for home charging, either via a traditional three-pin plug or a specially installed wallbox. Ohme is CUPRA's recommended supplier to install a wallbox at your home and guide you through the complete home charging journey. Ohme have a range of chargers with features such as smart scheduling to charge your CUPRA when the electricity rates are at their lowest.

KNOW YOUR POWER SUPPLIES

- AC – Alternating Current
- DC – Direct Current

WHY DO WE RECOMMEND A WALLBOX IS INSTALLED TO CHARGE YOUR CUPRA TAVASCAN?

While a three-pin socket can charge your new CUPRA Tavascan at home, a home wallbox is recommended due to the high energy demands and the significantly faster charge time. A 7.2kW wallbox can charge your CUPRA Tavascan three times faster than with a three-pin plug. A home wallbox installed by an accredited installer like Ohme ensures that your car receives a full night of uninterrupted fast charge.

CHARGING ON THE GO

While you're out on the road, you can choose from a number of public charging points to top up your new CUPRA Tavascan. Zapmap is a great website zap-map.com to locate suitable chargers across the UK.

COMBINED CHARGING SYSTEM (CCS)

AC & DC rapid charging, is available at most public charging stations. Rapid chargers are the fastest way to charge an EV vehicle and often found in motorway services or in locations close to main roads. The CUPRA Tavascan is equipped with CCS (Combined Charging System), which supplies high power direct or alternating current (DC/AC) to charge a battery to 80% quickly.

REGENERATIVE BRAKING

This is the recovery of energy usually lost when braking. CUPRA Tavascan optimises braking energy to prolong its battery life and not reduce your range.

VEHICLE EXCISE DUTY

All new vehicles are subject to a form of Vehicle Excise Duty (VED) based on the type of fuel the vehicle uses and its carbon dioxide (CO₂) emission level, measured in grams per kilometre (g/km). This table illustrates the duty you will pay based on the DVLA bandings.

The standard rate for Petrol, Diesel and Alternative Fuel Vehicles is £195. Please be aware vehicles with a list price (RRP), including options, higher than £40,000 will incur an additional £425 a year in vehicle tax.

For full details please refer to gov.uk/vehicle-tax-rate-tables

12-MONTH ROAD FUND LICENCE (RFL) RATE FOR PETROL, DIESEL AND ALTERNATIVE FUEL VEHICLES

CO ₂ g/km	1ST YEAR RATE PETROL/DIESEL	1ST YEAR RATE ALTERNATIVE FUEL VEHICLES (AFVs)
0	£0	£10
1	£40	£110
51	£120	£130

CARS REGISTERED ON OR AFTER 1 APRIL 2025

BENEFIT IN KIND TAX

HOW TO CALCULATE YOUR LIABILITY

The BIK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2025/26.

BIK CALCULATION EXAMPLE: CUPRA TAVASCAN V1 77KWH RWD 286PS

P11D value (Manufacturer's Direct Price price less RFL and first registration fee)	£47,285.00
--	------------

WLTP CO ₂ emissions (g/km)	0
---------------------------------------	---

Company car BIK tax based on CO ₂ emission level	2%
---	----

Taxable BIK (for 2025/26 tax year): 2% of £47,285.00	£945.70
---	---------

ANNUAL COMPANY CAR TAX 2025/26 (@20% INCOME TAX)

20% of £945.70	£189.14 per annum
----------------	-------------------

MONTHLY COMPANY CAR TAX 2025/26 (@20% INCOME TAX)

£189.14 divided by 12	£15.76 per month
-----------------------	------------------

BATTERY

	77kWH RWD 286PS (V1, V2)	77 kWH AWD 340PS (VZ1, VZ2)
Type (cylinders / valves per cylinder)	Type (cylinders / valves per cylinder)	Type (cylinders / valves per cylinder)
Maximum power (kW (PS) / rpm) ¹	210 (286) / 3,700-6,500	250 (340PS) / 5,800 - 11,300
Maximum torque (Nm / rpm)	545 / 0-3679	545 / 0-3679

YOUR TYRE LABEL

They may not be the first part of your CUPRA you notice, but your tyres play a vital role in keeping you on the road. Your EU tyre label tells you everything you need to know. Due to the variation of tyres that may be fitted during production, the configurator will show multiple tyre labels. It is not possible to select a specific tyre when ordering a vehicle.

You'll see more in-depth information on your tyres while configuring your car. Click [here](#) to start building your CUPRA now.

ENERGY EFFICIENCY

This is a measure of 'rolling resistance' – in other words, the amount of energy lost through motion. The lower the rolling resistance, the lower your energy consumption, with tyres rated as Class-A being the most efficient.

WET GRIP

Rigorous testing ensures your tyres give great handling and performance in all conditions. Wet grip specifically measures how well you can brake in wet conditions, with Grade-A giving the shortest stopping distance.

EXTERNAL NOISE

Tyres are carefully measured so you know exactly how much noise they'll make while driving. If decibels don't mean a lot to you, don't worry. Each tyre also falls into a noise Class-A being the quietest and C the loudest.

WARRANTIES

FIVE-YEAR MANUFACTURER WARRANTY

All new CUPRA's ordered on or after 03/04/2024 in the UK, come with a five-year/90,000 mile warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage, plus a further three years up to a maximum of 90,000 miles (whichever is soonest).

BATTERY WARRANTY

The batteries for battery electric vehicles (BEVs) are warranted against all defects in materials and workmanship for eight years or up to 100,000 miles, whichever comes first.

A gradual reduction in battery energy content over time is a normal feature of high voltage battery and does not constitute a warrantable defect. For BEVs, the battery energy content degradation warranty lasts for eight years or up to 100,000 miles, whichever comes first. Where the battery energy content of the high voltage battery is measured by a CUPRA authorised repairer and is found to be less than 70% during the warranty period, then it will be repaired or replaced under warranty subject to conditions. For full details, please go to the CUPRA UK website.

THREE-YEAR PAINT WARRANTY

The paintwork of all models featured in this price list is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised CUPRA Retailer or repairer for full warranty details.

12-YEAR BODY PROTECTION WARRANTY

The internal body sections and panels of the models featured in this price list are covered against corrosion originating from internal cavities for twelve years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised CUPRA Retailer or repairer for full warranty details.

CUPRA PARTS WARRANTY

CUPRA parts and accessories supplied after new vehicle delivery are covered by our 24-month parts warranty.

CUPRA ROADSIDE ASSISTANCE (INCLUDING EUROPEAN COVER)

Any new CUPRA purchased and registered in the UK from an authorised CUPRA Retailer, is covered free by CUPRA Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of one year. Terms and conditions apply.

SPECIFICATIONS

Specifications refer to Model Year 2025. While CUPRA makes every effort to make sure that specifications are accurate at time of going to press (02/2025), you should always check details with your CUPRA Retailer as there may have been changes in view of CUPRA's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this price list can therefore be given as guidance only.

CUPRA is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While CUPRA makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised CUPRA Retailer for the latest information. Due to limitations of the printing process, the colours reproduced in this brochure may vary slightly from the actual paint colour and material. This vehicle and all its parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled / recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality.
